

THE GROUP ORGANISATION	2		
THE POWER MEASUREMENT & CONTROL DIVISION	3		
THE NEED FOR QUALITY	4		
01. SENSING	5		
Current transformers and shunts			
Introduction current transformers	6		
Low voltage current transformers.....	7		
Industrial shunts.....	13		
Sensors			
LVDT displacement sensors	14		
Electronics for LVDT sensors.....	17		
Digitized LVDT line	19		
Inductive RPM sensors	20		
02. TRANSDUCING	21		
Transducers and converters			
TRIAD programmable measuring transducers	22		
TRIADJUST configuration software	26		
MICAR programmable transducers	28		
T82, T84, MESURACK analogue measuring transducers	30		
CDM3 analogue measuring transducers	35		
03. DISPLAYING	37		
Analogue panel meters, digital panel meters			
Analogue panel meters (square case).....	38		
Analogue panel meters (round case).....	42		
“Special” analogue panel meters.....	47		
Hour meters	48		
Rotary switches	48		
Digital panel meters.....	50		
04. METERING	59		
Energy meters			
ULYS electronic energy meters.....	60		
CDT remote-operated electronic meters.....	62		
CCT remote-readable pulse receiver.....	62		
PRISMETER multifunction electronic meter.....	64		
05. MANAGING	67		
Energy management and power analysis			
Power monitors Recdigit NODUS and POWER	68		
Winthor software.....	74		
06. ANALYSING	77		
Power quality analysers			
ID8 and ID16 voltage quality analysers.....	78		
ASM8 digital recorders of load profile in current	80		
07. RECORDING	81		
Graphic recorders			
Strip-chart recorders.....	82		
Trend recorders	85		
08. PROTECTING	87		
Measuring relays			
MOK, CONTROL RELAY and DIN series.....	88		
SECUREL range.....	94		
09. CONTROLLING	99		
Industrial relays			
Introduction to relays	100		
Instantaneous relays - POK and OK series	101		
Time delay relays, OK series	104		
Function relays.....	107		
Instantaneous relays, RE series	114		
Time delay relays, RTS series.....	115		
Fault signalling			
SIGNALARM/COMALARM.....	116		
10. WEATHER	117		
Meteorological measurements			
Wind systems.....	118		
TAVID 87 wind systems	119		
Digitized measurement system	117		
Air and ground temperature sensor	124		
INDEX PER FUNCTION	125		
INTERNATIONAL PRESENCE	129
